

Stay a step ahead of bowel cancer with an at-home test.

Available via our UniMed health insurance plan:

- At-home bowel screening kit
- Tests a sample of your stool to see if there is blood in it
- Quick, private and accurate results

Scan the QR code to learn more.

Available to UniMed Members who have had three years of continuous cover under their Health Plan and who have not received a bowel screening kit from UniMed in the past three years.
